C.3 DEFINITIONS

N/A

C.4 BACKGROUND

The Department of Behavioral Health (DBH) provides prevention, intervention, treatment services and supports for children, youth and adults with mental and/or substance use disorders including emergency psychiatric care and community-based outpatient and residential services.

DBH/Child, Adolescent and Family Services Administration mission is to develop, implement and monitor a comprehensive array of prevention, early intervention and community-based behavioral health services and supports for adults, children, and youth and their families that are culturally and linguistically competent and supports resiliency, recovery and overall well-being for district residents who have mental health and substance use disorders. The Community Services Administration also provides specialty programs such as direct school-based services, court-ordered and community assessments, and youth placed in Psychiatric Residential Treatment Facilities (PRTF).

DC MAP offers an innovative way to increase collaboration across primary care and mental health, consequently improving the early identification and treatment of mental health problems. Such programs have been implemented successfully in over 30 states across the country and have led to significant improvements in the extent to which pediatric providers feel that they can adequately meet the needs of children with mental health problems and receive timely consultation with a mental health expert.

A Child Mental Health Access in Pediatrics Program – which would be staffed by a team of Child and Adolescent Psychiatrists, psychologists, licensed clinical social workers, care coordinators and family navigators- consist of the following core components: (1) **Real-time telephonic consultation for non-emergent mental health concerns.** Pediatric Primary Care Providers (PPCPs) who call the consultation line during business hours shall receive a call back from a member of the mental health consultation team within 30 minutes to discuss the PPCPs question (e.g., question about medication management or community-based services), with written follow up within 2 business days; (2) **In person mental health screening and assessments and targeted care coordination** for a subset of patients and families. In the minority of cases in which telephonic consultation is insufficient to adequately address concerns, the mental health consultation team shall provide telephonic and/or in-person support to families (e.g., family navigation to facilitate referral linkages, psychiatric evaluation to ensure that the PPCP can then manage concerns in primary care); (3) Provide **educational resources** for PPCPs. The mental health consultation team shall provide educational resources for PPCPs related to identifying and addressing mental health concerns and managing psychotropic medications. (4) **Resource and referrals:** The program shall work closely with the DC Department of Behavioral Health's Access Help Line, shall maintain a comprehensive resource and referral guide. - (ix) Indicate that the written document is the CO's final decision; and

(6) If a contractor is unable to support any part of its claim and it is determined that the inability is attributable to a material misrepresentation of fact or fraud on the part of the Contractor, the Contractor shall be liable to the District for an amount equal to the unsupported part of the claim in addition to all costs to the District attributable to the cost of reviewing that part of the Contractor's claim. Liability under this paragraph (a)(6) shall be determined within six (6) years of the commission of the misrepresentation of fact or fraud.

made. Any claim for adjustment for a change within the general scope must be asserted within ten (10) days from the date the change is ordered; provided, however, that the CO, if he or she determines that the facts justify such action, may receive, consider and adjust any such claim asserted at any time prior to the date of final settlement of the contract. If the parties fail to agree upon the adjustment to be made, the dispute shall be determined as provided in **clause 14 Disputes**.

(viii)

(b) The District shall not require the Contractor, and the Contractor shall not require a subcontractor, to undertake any work that is beyond the original scope of the contract or subcontract, including work under a District-issued change order, when the additional work increases the contract price beyond the not-to-exceed price or negotiated maximum price of this contract, unless the CO:

Law 2-38; D.C. Official Code § 2-1401.01 *et seq.*) (“Act”, as used in this clause). The Contractor shall include a similar clause in all subcontracts, except subcontracts for standard commercial supplies or raw materials. The affirmative action shall include, but not be limited to the following:

- (6) The Contractor agrees to permit access to its books, records, and accounts pertaining to its employment practices, by the Chief Procurement Officer or designee, or the Director of the Office of Human Rights or designee, for purposes of investigation to ascertain compliance with the Act, and to require under terms of any subcontractor agreement each subcontractor to permit access of such subcontractors' books, records, and accounts for such purposes.
- (7) The Contractor agrees to comply with the provisions of the Act and with all guidelines for equal employment opportunity applicable in the District adopted by the Director of the Office of Human Rights, or any authorized official.
- (8) The Contractor shall include in every subcontract the equal opportunity clauses, i.e., paragraphs 19(b)(1) through (b)(9) of this clause, so that such provisions shall be binding upon each subcontractor.
- (9) The Contractor shall take such action with respect to any subcontract as the CO may direct as a means of enforcing these provisions, including sanctions for noncompliance; provided, however, that in the event the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the Contractor may request the District to enter into such litigation to protect the interest of the District.
